> Polish your boots and pull that cowboy hat out of the closet - because WE'RE BACK and it's rodeo time in Gladewater - as the 84th Gladewater Round-Up Rodeo breaks out of the chutes - and it all starts today.

After taking an unexpected break last year due to COVID-19 health precautions, sponsor signs have again been hung at the Gladewater Round-Up Rodeo arena and all the chutes have a fresh coat of bright red paint courtesy of all the loyal rodeo volunteers. Concession stands have been loaded, vendors have set up their booths around the arena and hundreds of professional cowboys and cowgirls are on their way to Gladewater this week for four nights of fun and hopefully a nice paycheck tucked in their pocket.

The 2021 Gladewater Round-Up Rodeo is set to thrill you with four nights of top rodeo action at the Gladewater Rodeo Arena, starting Wednesday, June 9th with a

located just north of Highway 80 on North Rodeo Street in Gladewater and will be open at 9 a.m. daily.

Registration for Kids Mutton Bustin' (5-7 years of age; under 50 pounds) went online only this year and participating children will receive one (1) free adult ticket for signing up. Mutton Bustin' starts at 7:45 p.m. nightly. And as usual - the Gladewater Round-Up Rodeo's nightly Calf Scramble will be free to kids in two age groups: 8 and Under and ages 9-12. No pre-registration is required so come on out and try to grab that ribbon off the calf's tail and win a big prize.

And a new highlight of the rodeo - back after a 30-year absence - will be the crowning of Miss Gladewater Rodeo during the Tough Enough to Wear Pink performance on Saturday, June 12th. The rodeo queen nominees will be presented at the annual rodeo luncheon on today Wednesday - held at the First United Methodist Church's Jeter Hall, then immediately after that they will be available for a meet-and-greet at City National Bank, located at 895 E. Broadway Ave (US 80) in Gladewater.

# ional Bullfighter

Starting tonight, professional bullfighters Wacey Munsell, Mike Driver and Judd Napier will be put to the test as they try and keep cowboys out of harms way at the XTreme Bulls competition a full evening of bullriding by some of the best cowboys in the whole country. Last year Cole Melancon of Liberty, TX won the Cavender's Gladewater Round-Up Xtreme Bulls "John Quintana Memorial" competition posting a score of 92. John Quintana was one of the great bull riders of all time, breaking the

world record for highest-scored bull rides twice in the 1970s. In 1971 Quintana rode Billy Minick Rodeo Company's V61 in Gladewater for 94 points.

All proceeds from the Gladewater Round-Up Rodeo go to funding scholarships for area students. Last year even though the rodeo wasn't held, the four scholarships were presented to area graduates - Luke Thomas Davidson of Union Grove ISD, Audrey Nolan of Gilmer ISD, Bailey Nicole Smith of Gladewater ISD and Maci Brooke Childress of Big Sandy ISD. This year the Rodeo Association was able to give out seven scholarships. The recipients were -Wyleigh Rachel Wilson of Union Grove ISD, Tristan Clint Hogue of Gladewater ISD, Sierrah Daniele Richter of Sabine ISD, Cannon Matthew Cowan of Union Grove ISD, Karsyn Stilley Lindsey of Gilmer ISD, Chase Vermillion Borders of Kilgore ISD and Spencer Alisa Pruitt of Harmony ISD. Congratulations to all..

Don Gay will again provide the color analysis for rodeo fans, lending his insight and flavor in a style all his own. And Don has the credentials to back up every word - he won a record 8 PRCA World Bull Riding Titles 1974-77. 1979-81, 1984 and he broke PRCA's Bull Riding Single Season Record 8 consecutive years 1974-81, just to list a few of his many accomplishments.

"Gladewater has been a part of my life since 1970, and the second week of June is rodeo time. My memories in Gladewater

are not just rodeo, they are friends, family, rodeo milestones, but most of all looking forward to the next performance because it's always good! Gladewater Roundup Rodeo...I never get tired of saying that!"

PRCA announcer Greg Simas will be back this year bringing rodeo fans the play-by-play from the Gladewater Round-up Rodeo announcer's booth. This will be Simas' third year on the Gladewater scene, and will bring rodeo fans expert commentary.

#### Population gains, losses in state detailed

The U.S. Census Bureau has released is sub-county population estimates from April 2010 to July 2020. That includes population estimates for the 1,200 incorporated places in Texas.

Nine additional Texas towns were incorporated in the past decade, while 13 additional cities surpassed a population of 50,000.

The Texas Demographic Center reported that of the 71 Texas cities with populations of more than 50,000, only two lost population continuing the trend of smaller towns and areas in the state losing population to larger cities. More than 55% of the state's population growth has been in cities with more than 50,000 residents.

Small and mid-sized cities surrounding major metropolitan areas, such as Dallas-Fort Worth, Austin and Houston, saw the fastest growth rates, while many of the cities in West Texas and the Panhandle were among the 372 Texas cities that lost population, according to TDC.

#### Emergency food benefits extended

Benefits for families under a federal nutrition plan have been increased through September, the Texas Health and Human Services Commission announced last week.

Under the American Rescue Plan signed by President Biden in March, states can provide eligible families up to \$35 per month to purchase fresh fruits and vegetables. Clients of the Women, Infants and Children (WIC) program are eligible.

providing key nutrients at key stages of development," Texas WIC Director Edgar Curtis said. "This nutritional support early in life builds stronger, smarter, healthier and happier children and Texans. Fresh fruits and vegetables, which are loaded with vitamins and other plant-based nutrients, are at the forefront of that strategy."

The HHSC also announced it is providing roughly \$208 million in emergency food benefits under the Supplemental Nutrition Assistance Program, extending the maximum SNAP benefits allowable through June. All SNAP recipients will get a minimum of \$95 in emergency allotment, in addition to the 15% increase that continues through September.

The program is funded by the U.S. Department of Agriculture and administered by HHSC.

#### State to release \$5 billion in school federal aid

Months after congressional action on a coronavirus relief package, the Texas Education Agency announced Friday that school districts may begin applying for their portion of \$5 billion in aid.

According to the Austin American-Statesman, how much each district will receive varies. Districts that saw large enrollment declines because of the pandemic will likely not receive as much money, because TEA will divert some of the funds to make up for funding provided at pre-pandemic levels.

Much of public-school funding in Texas is based on average daily attendance. However, during the 2020-2021 school year, districts were not penalized when students stayed home.

#### Experts: Weatherization bill falls short

The Texas Legislature passed Senate Bill 3 in response to February's deadly storm and widespread failure of power plants. The package addresses the problems that threaten electric reliability, but public radio's Texas Standard reports that many electric grid experts and

# My heroes have always been cowboys...

My heroes have always been cowboys.

The best cowboy I ever knew raised me. Before ranch accidents and crippling arthritis he rode like the wind. He and a horse in motion were breathtaking.

When the Round Up Rodeo rolls around every year I get a little homesick for a way of life that is mostly precious memories for me.

Later in life my Dad was more likely to rope cattle while riding the hood of a beat-up pickup with Mom driving, than from a horse. I am still amazed he didn't get run over. I don't know if that speaks to his athleticism or her driving. I have also seen Dad foolishly try to separate two fighting bulls while his border collie bit the neck of one and shook until that Brangus beast moved away from Dad a few cracked ribs too late.

This old girl can corral cattle on foot or by truck, vaccinate, heat brands and more. And so can Jim Bardwell because my Daddy said that working cattle came with marrying me. But that is an entirely different story.

When I was a kid the ranch across from ours had a private rodeo arena, the 4G-O and all I had to do was walk across FM 709 to get a taste of rodeo.

When the 84th Round Up Rodeo begins this week it will be a full course banquet of Professional Rodeo Cowboy Association world class competition. We have a lot to love about Round Up. If you haven't attended in awhile, or ever, you are missing one of, it not the best, entertainment offered anywhere.

The sport is one of the most dangerous in America. Rodeo requires a level of skill that no other sport does. Barrel racing and team calf roping are precision events. And, check out the bull fighters, they may be dressed like clowns, but there is nothing funny about the fact their very dangerous job is to make sure the cowboys get out of the arena in one piece.

Now those bull and bronc riders, those tough old boys are a different

# Suzanne **Bardwell**

breed altogether. I always try to visit just a minute with the young cowboys while they get ready for their events. They are wrapping ribs, knees and elbows. They usually limp, have a boatload of bruises and share tape to hold those ribs in place. The cowboys are passionate about their sport, their way of life and supportive of each other despite their seriously competitive sport.

What a parable for the rest of us. Passion, commitment, friendship and encouragement. Sounds like a recipe for living life well. Something we should all strive to imitate and share with others.

Then there are the folks who make up the rodeo association who work all year long to bring a world class event to Gladewater, Texas. This dedicated team not only puts Gladewater on the national rodeo radar every year, their event brings nationally ranked cowboys and cowgirls, as well as thousands of dollars to Gladewater in visitor money spent here. Then, to top it all off, all the proceeds from the rodeo go to college scholarships for area students. Scholarships that give kids a hand up and puts them on the road to success. That is pretty dog gone impressive.

Yep, like I said, my heroes have always been cowboys and that is never going to change.

Well done Round Up Rodeo directors, wranglers and sponsors, you give a great gift to this community and continue a legacy that has stretched across eight decades.

Imagine, Gladewater is a part of our national rodeo history and it is still making history. Come and share that history this week. You won't be sorry. I promise.

And cowboys, thanks for the memories. Past and present.

policy analysts say not enough has been done to prevent another blackout disaster.

One section of SB3 allows regulators to determine what portions of the natural gas supply must be weatherized. Since it only applies to equipment that directly connects to power plants, experts say it might not be enough.

Dan Cohan, civil engineering professor at Rice University, told the Standard that "whoever has those direct lines into the power plants and winterizes those is going to point upstream and say 'well those upstream people couldn't get us enough gas.' So yeah, it's hard to see how this is going to provide us full coverage."

In addition, critics say the penalties of \$5,000 a day for not doing the required weatherization amount to little more than a rounding error for non-complying oil and gas companies.

#### GOP chairman resignation sparks speculation

Texas Republican Party chairman Allen West resigned Friday, sparking speculation he is considering a statewide race.

The Republican party issued a statement that West "will take this opportunity to prayerfully reflect on a new chapter in his already distinguished career." West has not ruled out challenging Gov. Greg Abbott, who last week touted a re-election endorsement from former President Trump.

#### COVID-19 cases dropping; 36% fully vaccinated

The number of new COVID-19 cases in Texas continues to drop, with 9,534 reported as of Sunday for the previous week — a small fraction of mid-January's record high of nearly 159,000. In the past week, 210 deaths from COVID-19 in Texas were reported.

passed. Whether it was making voting more difficult, removing requirements for safety training to carry firearms,

restricting student eligibility to participate in competitive sports, prohibiting the teaching of aspects of our history, limiting access to health care, eliminating proven economic development programs, or numerous similar issues, every day birthed a distraction that was, at best, unnecessary and, quite often,

# The Session

downright harmful.

In particular, many of these measures are squarely at odds with efforts to achieve high quality, long-term prosperity. Knowledge workers, Millennials, technology companies, major sports leagues, and convention planners are increasingly resistant to locations perceived to be discriminatory in providing opportunities. This movement has been ongoing for years, with the pandemic intensifying the desire for resilient and welcoming communities. My firm has researched such issues several times, and the risks are very real.

Texas has unbounded economic potential, but faces daunting challenges – educating our future workforce in the wake of seismic to make Texas a technology demographic shifts and rapidly evolving skills requirements; providing the infrastructure breaking cancer research initiative,

(including universal broadband vaulting the state to the forefront of and a reliable power grid assuring adequate capacity) needed to support expansion; creating and maintaining a viable health care system that assures access and supports sustainability; and revamping an antiquated tax system to respond to emerging economic patterns. The magnitude of these tasks is exceeded only by the potential rewards of success (or consequences of failure). Texas has long stood on the shoulders of visionaries of all stripes making enlightened decisions at critical times. Sam Houston secured offshore water rights while still on the battlefield at San Jacinto. A young Dolph Briscoe championed the farm-to-market road system. Mark White spearheaded efforts juggernaut during the turbulent 1980s. Rick Perry fostered a path

biomedicine.

This type of leadership is sorely missing at present. The issues that dominated the legislative session distract from crucial priorities and, in many cases, hinder genuine progress. Some decisions, such as foregoing indigent health insurance despite huge infusions of federal dollars and numerous studies showing it to be a fiscal win for the State or limiting the ability of school districts to deploy stimulus dollars for pandemic recovery, are penny wise and pound foolish. While this agenda may be perceived on a shortterm basis as politically wise, it is most assuredly policy foolish.

If Texas is to achieve its full economic potential and provide opportunities for all to participate, we must do better, deserve to do better, and can do better. Stay safe!

## TRANSGENDER IDENTITY

We are being told that transgender identity "is not a choice. It is who the person is...Transgender persons are simply acknowledging that the gender identity assigned to them at birth because of physical anatomy does not match the brain, biochemical and genetic gender identity they know inside" <u>Mark Wingfield.</u>

Former Attorney General Loretta Lynch said, "And what we must not do, what we must never do, is turn on our neighbors... our fellow Americans, for something that they cannot control and deny what makes them human..." She further said we cannot insist that a person "pretend to be something or someone that they are not."

The truth is that transgender people are, in fact, pretending to be something that biologically they are not. A man "identifying" as a woman is not a biological woman. Likewise, a woman "Identifying" as a man is not a biological man.

What does the Bible say? "So God created man in His own image, in the image of God He created him; male and female He created them." (Gen. 1: 27). But some people tell us the Bible cannot be right, because the idea of male and female are merely social constructs, the sexes are interchangeable, and there are infinite varieties of genders. Thus, gender is changeable. They tell us that what matters more than being male or female is a person's "gender identity" i.e. how people believe or think about themselves," and it is really one's feelings that determines if a person is male or female. We are also told that people cannot control their feelings because they do not have a choice, nor can they control what makes them human i.e. male or female, because it was assigned to them at birth. When people "do not retain God in their knowledge" (Rom. 1: 28), confusion reigns confusion is the result. Think on these things.

passionate about horsemanship and training, equine photography, and rodeo drill team. Besides being involved with horses, she enjoys training dogs, reading, volunteering locally, and is involved with the arena team at Sit 'Em Down Cowboy Church. In the future, Sydni would like to own and operate a rescue and rehabilitation ranch that provides therapeutic riding, lessons and camps for children and adults with disabilities. If she were to win the title of Miss Gladewater Rodeo, she says that she would "share the love of rodeo history and encourage the younger generation to participate." She feels that "rodeo teaches valuable lessons."

Meagan Hodge is a 20-year-old student at Tyler Junior College. Prior to TJC, she attended Bullard High School, where she was a twirler, band and FFA member, where she competed in horse judging. Meagan barrel races, trains horses and gives riding lessons. She also enjoys hunting, fishing, volunteering at the vet's office, and doing leather work. She hopes to graduate TJC with an

She is the current Southwestern Miniature Horse Club Youth Secretary, and is a former American Miniature Horse Youth Association National Secretary. Kallie has also competed in horse judging, barrel racing, ranch horse competitions, and mustang makeover competitions. She also enjoys showing livestock, playing softball, doing karate, gymnastics and dance, and fishing. In the future, she would like to be a veterinarian, specializing in equine surgery. If Kallie were to win the title of Miss Gladewater Rodeo, she says that she would, "promote the association by respecting and honoring the title," and "strive to make people aware of the deep history and origin of the Gladewater Rodeo."

Sierra Blankenship is a 22-year-old resident of Big Sandy, Texas and is graduate of Salon Professional Academy and Hughes Springs High School. She is currently employed as a cosmetologist. While at Salon Professional Academy, she was on the student council and was an Honors Cutter. While at Hughes Springs High School, she was class president, an FFA officer, HOSA Officer and an FCCLA officer. She also was varsity cheer captain and participated in varsity athletics. Outside of school, she competed in barrel racing, was the Blue Ridge Rodeo Club Queen for 2013-2014, was Miss Wildflower Trails, and Miss March of Dimes. Sierra enjoys crafting, and volunteering, along with church activities at Sit 'Em Down Cowboy Church. She founded the Cinderella's Closet Prom Dress Drive for those in need, as well. Sierra's goals are to be successful in her career, and be a positive impact on people's lives. She would also like to run for Miss Rodeo America someday. If she were to win the title of Miss Gladewater Rodeo, Sierra says that she will, "promote the association in a positive light," and "go above and beyond to show gratitude and humbleness" of the title.

## GISD approves \$800K to fix athletic program infrastructure

#### **By Suzanne Bardwell**

The GHS track, tennis courts and gym floor are in the plans to get a makeover due to safety concerns and protecting the district's investment in its facilities. GISD board members unanimously approved a budget amendment for the facility upgrades at a special meeting on June 2.

The up to \$800,000 amendment will come from the fund balance with about \$100,000 reserved for new weight room equipment that will serve both the girls' and boys' athletic program. The old equipment will be used by the GMS athletic program.

"Currently we have all sports using a high school weight room originally designed for football," Keller said. "We have boys and girls using it all day long with equipment limitations."

The largest ticket items discussed are replacing the track surface and resurfacing the tennis courts. According to board president Jon Keller the tennis courts have not had attention for 15 or more years. The GHS tennis complex is one of the largest in the district with six courts. Once the tennis courts are refurbished they will be at competition level and tournaments can then be scheduled at GHS.

The board postponed making a decision on the budget amendment items at its last regularly scheduled meeting so that they could look more closely at the proposed projects to determine the level of need and prioritize the projects. In addition to examining each of the proposed facility improvements, some board members also visited other school facilities to see how they had addressed similar issues.

One project with high visibility will be the refurbishment of the high school gym floor. According to Keller, standard maintenance requires stripping down to the wood every five to 10 years. The GHS gym floor has not been stripped to bare wood in 26 years. The project will come in at a

He said that a part of the project will focus on spirit branding in the gym and on the tennis, softball and baseball windscreens. Supt. Dr. Sedric the years," Keller said. "Coach Clark said that a gym scoreboard sponsor has been secured which of our athletics program needs would defray the cost of the some attention. While this doesn't scoreboard.

"Those things are a big deal to our kids and it lets visitors needs like our track and tennis know where they are when they are in Gladewater," Keller said. "They can make a huge difference grow as we address these needs in school pride and in visitor and push our district forward." perception."

"I appreciate you understanding and seeing what our problems are," Clower said. "These improvements will make a big difference in our programs and for our kids."

In other business, the board approved a Memorandum of Understanding for the 2021-2022 school year regarding Union Grove and Big Sandy ISDs' participation in the Career and Technology program at GISD. The projected partnership will provide space for dual credit Kilgore College classes for the students of all three districts to participate in simultaneously in Gladewater. As a result, more class offerings will be available for the students.

Resignations accepted by the board included GMS math teacher Wanda Hightower, kindergarten teacher Tamara Stafford. Contracts Wanda West and second grade teachers Imunique Harris and were approved for agriculture teacher Kendall Welch.
