IN-COMING CHAMBER PRESIDENT'S THOUGHTS

Looking forward to a new Chamber year!

JON KELLER
2024 Chamber President

The past year seems to have flown by fast as we celebrated the 150th Anniversary of the City of Gladewater. The Chamber Board thanks Farrell Alexander for his past year of service as President of the Chamber of Commerce. He has done a great job navigating the Chamber and I know he is grateful for the generous assistance Lois Reed provides on an almost daily basis. In addition to the regular duties of the Chamber, the Board approved a contract for the re-design of a new Chamber website. As that is completed in the coming weeks, visitors to our area will have a new and improved portal to see what our town has to offer along with upcoming events.

2024 is off to a fast start with Gusher Days just a couple of weeks away (April 19-20) and before we know it the 87th Annual Gladewater Round-Up Rodeo (June 5-8) will stampede into town. While the calendar isn't as packed as the 150th Anniversary Celebration, we can always look forward to many events around town. We get our summer started with the annual Juneteenth Parade and Celebration followed soon after by the Independence Day festivities featuring the Chamber's fireworks display at the lake. It is time for Fall when the annual Arts & Crafts Festival takes over the grounds of the old Broadway Campus. Before we know it, winter will be blowing in with Christmas in Gusherville to round out our year.

We have many activities planned for Chamber members, citizens and guests to our town to enjoy. I hope you take advantage of all these listed and more. Go downtown and check out our restaurants and stores – buy an antique keepsake while you're there. Get on the water and enjoy the outdoors on Lake Gladewater. Learn about our history at the Glade-water Museum. There are a number of ways to spend your time in Gladewater – before you know it, 2024 and our 151st year will have flown by as well.

I am honored to have been selected as this year's Chamber President. I look forward to serving our Chamber and our Community.

OUT-GOING CHAMBER PRESIDENT'S THOUGHTS

Dear Friends,

What a year we have had at the Gladewater Chamber of Commerce. I have enjoyed serving our Chamber as President this last year. We increased our membership and welcomed many new businesses to our community. We had a great year of celebration marking the 150th birthday of the City of Gladewater. Banners were put up downtown for that celebration and now with the infrastructure in place we will be using it to change banners throughout the year for upcoming events. We have started the process of obtaining a new website that will go online soon that will be user friendly and will be much more useful for our businesses, citizens, and Chamber members. Our Executive Director Lois Reed has been a phenomenal Director and has been a great influence in adding members to our chamber this year. I appreciate her leadership and the work she has done.

As we look forward to this next year, I am glad to pass the torch on and will look forward to continue serving as Past President and assisting the new president in any way. We will always support our business community and do everything that we can to further successful commerce in Gladewater.

Sincerely,

Farrell Alexander 2023-2024 Chamber President.

Congratulations to the Chamber on 93 Years

115th District Court

Dean Fowler, District Judge

Serving citizens of Upshur County since 2003.

Upshur County Justice Center
405 North Titus

JAY DEAN

State Representative
House District 7

Congratulations on 93 great years!

Pol ad paid for by Jay Dean for Texas

A large advertisement for Jay Dean. On the left is a portrait of Jay Dean, a man with glasses, wearing a dark suit and a purple tie, smiling. On the right is a white background with the text "JAY DEAN" in large, bold, dark blue letters. Above "JAY" is a stylized red, white, and blue wave graphic. Below "JAY DEAN" is the text "State Representative" and "House District 7" in black. At the bottom right is the text "Congratulations on 93 great years!" in red. At the very bottom right, in small black text, is "Pol ad paid for by Jay Dean for Texas".

BECOMING A MEMBER

What's in the Gladewater Chamber of Commerce for me?

The Gladewater Chamber of Commerce has only one goal: to put you and your company right in the middle of Gladewater commerce. We're the one organization devoted exclusively to your company's success. We're your business connection for valuable leads and referrals, providing you with a continuing influx of new business opportunities while working to enhance and diversify the region's economic base. We help local companies meet a wide array of needs, from site selection to workforce development. And we make sure that local, state and national legislators know how Gladewater companies feel about important issues affecting local business.

During the year 1931 the Gladewater Chamber of Commerce was formed with R.M. Wood as the first President. On April 23, 1946 the Gladewater Chamber of Commerce became incorporated with twenty-one directors to serve the needs of the membership. Today the Gladewater Chamber of Commerce has, over 200 members served by a dedicated Board of Directors and a full time staff. For over six decades, business and professional people have joined together in the Gladewater Chamber of Commerce to shape the future of Gladewater and the surrounding area.

The Gladewater Chamber of Commerce is a voluntary partnership of business and professional people working together to build a healthy economy and to improve the quality of life in your community. As your chamber works to accomplish these goals, it has many hats: economic developer and planner; tourist information center; business spokesperson; economic counselor and teacher; government relations specialist; human resources advisor; and public relations practitioner. Simply stated, your chamber is business and professional people working together to make your community a better place for everyone to live and work.

The Gladewater Chamber of Commerce is investing in Gladewater business every day. Isn't it time you invested in the Chamber?

Serving the Greater Gladewater Area

Meets noon Thursdays at Chamber of Commerce

The next total solar eclipse to visit North America will be April 8, 2024. The duration of totality will be up to 4 minutes and 27 seconds, almost double that of The Great American Eclipse of August 21, 2017. The 2017 total solar eclipse was witnessed by about 20 million people from Oregon to South Carolina, and the upcoming 2024 Great American Eclipse is sure to be witnessed by many millions more.

Because of what they saw — the exquisite beauty of the Sun's corona hanging in the suddenly darkened sky — many millions more will know that a total solar eclipse is something truly worth seeing. In the US, totality will begin in Texas at 1:27 pm CDT and will end in Maine at 3:35 pm EDT on April 8, 2024.

Eye Safety During a Total Solar Eclipse

Except during the brief total phase of a total solar eclipse, when the Moon completely blocks the Sun's bright face, it is not safe to look directly at the Sun without specialized eye protection for solar viewing.

Viewing any part of the bright Sun through a camera lens, binoculars, or a telescope without a special-purpose solar filter secured over the front of the optics will instantly cause severe eye injury.

When watching the partial phases of the solar eclipse directly with your eyes, which happens before and after totality, you must look through safe solar viewing glasses ("eclipse glasses") or a safe handheld solar viewer at all times. Eclipse glasses are NOT regular sunglasses; regular sunglasses, no matter how dark, are not safe for viewing the Sun. Safe solar viewers are thousands of times darker and ought to comply with the ISO 12312-2 international standard. NASA does not approve any particular brand of solar viewers.

Always inspect your eclipse glasses or handheld viewer before use; if torn, scratched, or otherwise damaged, discard the device. Always supervise children using solar viewers.

Do NOT look at the Sun through a camera lens, telescope, binoculars, or any other optical device while wearing eclipse glasses or using a handheld solar viewer — the concentrated solar rays will burn through the filter and cause serious eye injury.

If you don't have eclipse glasses or a handheld solar viewer, you can use an indirect viewing method, which does not involve looking directly at the Sun. One way is to use a pinhole projector, which has a small opening (for example, a hole punched in an index card) and projects an image of the Sun onto a nearby surface. With the Sun at your back, you can then safely view the projected image. Do NOT look at the Sun through the pinhole!

Do NOT use eclipse glasses or handheld viewers with cameras, binoculars, or telescopes. Those require different types of solar filters. When viewing the partial phases of the eclipse through cameras, binoculars, or telescopes equipped with proper solar filters, you do not need to wear eclipse glasses. (The solar filters do the same job as the eclipse glasses to protect your eyes.)

You can make your own eclipse projector using a cardboard box, a white sheet of paper, tape, scissors, and aluminum foil. With the Sun behind you, sunlight will stream through a pinhole punched into aluminum foil taped over a hole in one side of the box. During the partial phases of a solar eclipse, this will project a crescent Sun onto a white sheet of paper taped to the inside of the box. Look into the box through another hole cut into the box to see the projected image.
